

# 風管彎頭扣合機

## Flanging & Seam Closing Machine

### Features :

Making tube elbows, end caps and reducers (the diameter is 125-1,250mm).

### Advantages of machine :

1. Two working stations, no change of tooling from flanging to closing.
2. Fully hydraulic operated.
3. Fully equipped machine, no additional tooling needed.
4. Easy to operate, fast and efficiency.

機器型號 Machine	
適用材料 Suit Material	mm Steel Sheet
成品厚度 Thickness	mm 0.5-1.2
油壓馬達 Hyd Motor	HP 5
